FRAMEWORK AGREEMENT FOR PANEL OF ACCREDITED SKILLS DEVELOPMENT PROVIDERS THAT OFFER SKILLS DEVELOPMENT PROGRAMMES FOR THE GARDEN ROUTE.

1. PURPOSE

- 1.1 The role of the District Municipality is to inter alia coordinate and create opportunities for growth and jobs across the entire Garden Route District.
- 1.2 In its effort to achieve this, the District Municipality leads the implementation of the Garden Route Skills Mecca that seeks to ensure that there are sufficient, appropriately qualified technical, vocational and entrepreneurially skilled people and businesses to meet the needs of prioritised economic growth areas in the District.
- 1.3 The transversal scope of work of the Garden Route Skills Mecca (**GRSM**) requires that the District Municipality establishes partnerships and invites bids for the appointment of public, private and state-owned companies as service providers. This is done to offer skills development-related programmes as required by employers and entrepreneurs within the prioritised economic growth and enabling sectors of the District.
- 1.4 Once a framework agreement is entered into between a panel of skills development providers, such skills development providers would be expected to provide quotations on selected programmes as requested by the District Municipality which will be evaluated against the Preferential Procurement Regulations.
- 1.5 A framework agreement with a panel/database of skills development providers is established through a competitive procurement process. The approved framework agreement will comprise those skills development providers who were found to be eligible following the procurement process. Approved skills development providers have no guarantee of task/supply orders and are only issued a task/supply order following a final process of selection post quotations for specific programmes are received. The framework agreement will have a fixed duration of validity, which once passed, no further task/ supply orders may be issued.
- 1.6 When the contract for the framework agreement is concluded, it does not have a Rand Value or specific volumes of goods/works/services. Contractual obligation with a Rand Value will only arise once supplier orders are issued against a service level agreement from the date of commencement of the service level agreement up to the date of termination or end of date of the service level agreement contract.
- 1.7 If there is no approved skills development provider for a particular learning programme requirement or if the learning programme requires more skills development providers than are approved, the Garden Route District Municipality will go out into the open market and issue a tender for bids.

2. BACKGROUND

2.1 The Garden Route Skills Mecca is a concept that emerged from a regional pandemic in June 2017 known as the “Knysna fires”. That pandemic resulted in what became known as the Garden Route Rebuild Initiative or GRRI. The GRRI developed a very detailed strategic plan in December 2017 that included the concept of a Skills Mecca as one of its strategic pillars.

2.2 To further the concept of the Garden Route Skills Mecca or the GRSM, three multi-stakeholder summits were held in 2018, 2019 and 2023 to mobilise the involvement of all residents of the Garden Route around the concept of the Skills Mecca. Those three Skills Summits resulted in ten key resolutions that today form the strategic objectives of the work of the GRSM. These resolutions are:

- Continue and accelerate collaboration, cooperation and integration among all District skills development role players.
- Ensure that Skills Development leverages digital infrastructure as far as possible to ensure learning and processes methods are and remain cutting edge.
- As far as possible link Skills Development to Investment and Economic Development opportunities to the advancement for all.
- Ensure that all Skills Development processes in the Garden Route always proactively considers renewable energy.
- Engage with all willing partners, in particular the SETAs, the National Skills Fund, Business Chambers and Employers to implement projects across the District.
- Consider and leverage local skilled people, including retired people, within the District, to accelerate the growth of the Skills Mecca.
- All public and / or private skills development providers that comply with Skills Mecca requirements are acknowledged and recognised on the Skills Mecca web site.
- Progressively support the development of the new apprenticeship of 21st Century (A21) in the District.
- Implement a process that tracks and traces all learners on Skills Mecca programmes to determine their employment status post programme completion.
- Plan and implement a Skills Summit that is held in a different local municipality within the Garden Route every two years.

2.3 The Garden Route Skills Mecca (GRSM) established an Internal Task Team to ensure good governance, leadership, management and administration of the GRSM projects, processes and programmes are fully operational.

2.4 The work of this structure emphasizes relationship building to create long term partnerships as an integral part of the District Development Model that is called the Joint District & Metro Approach in the Western Cape. This alignment is considered critical to ensure that the GRSM achieves its objective as one of the key enablers to the Garden Route District Growth and Development Strategy.

2.5 Therefore, the District Municipality endeavours to ensure that the relevant skills are developed for industry and enterprises through active and continuous partnerships between service providers and employers and enterprises in the socio-economic prioritized sectors of the Garden Route District Growth and Development Strategy:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
